PROFESSIONAL EQUIPMENT

Premier Plus Line

75BPR29 CLI MP

Occupational boot with polypropylene toe cap, padded collars, made of microfiber, lace closure, internal lining, anti-torsion TPU system and dual density sole.

Technical specification

- Polypropylene toe cap
- Mmicro microfiber uppers
- Padded collars
- Metallic free components
- Anti-torsion system
- Antibacterial hygienic insole
- PU dual density sole

Sole: Made of two layers of polyurethane, directly injected in the upper; softer and lighter midsole (first layer) - density 0,4g/cm³, providing more comfort; and more compact sole (second layer) – density 1,0 g/cm³, abrasion resistant with antislip system made up of special grooves, 3mm height and 6mm width and slip resistance to ceramic and steel surface (level SRC).

Upper and strap Lining: Intelligent system of quick dispersion of humidity and temperature control, covered in PCM Outlast Climatech microcapsules.

Toe cap: Polypropylene injected plastic, 1,5mm thick. P.S: this kind of toe cap does not have the same safety properties of the the steel cap.

Uppers: Mmicro microfiber from 17 to 19 lines thick

Trinforcement: Termoplastic 1,5mm thick

Tread: Polyamide nº 30.

Standard: NBR ISSO 20345:2015

Sizes: From 33 to 47.

Warranty: 36 months

Color: Black

Approval Certificate: 42896

Hygienic Insole: Soft bed PU in EVA antifugal/antibacterial, made up of micro-stitches providing sweat absorption and desorption.

Assembly insole: Upper sewed by strobel system, resin and needle-polyester - 2,0mm thick

Note: Class I insulating footwear has the purpose of insulation in low voltage electrical installations up to 500 V in dry conditions. The shoe is submitted to a test voltage of 14,000V or 14kv to have its properties checked (the leakage current is verified)

Single shoe weight: 0,448kg

Height leg: 137mm

Obs.: height leg is based on size 40 and it may vary 3,33 mm per size.

Product Package

- Sizes: L 565mm x W 300mm x H 245mm (collective box for up to 5 pairs)
- Sizes: L 414mm x W 315mm x H 505mm (collective box for up to 10 pairs)

Technologies

ANTI-TORSION TPU insert applied to the sole, offering greater support to the ankle, providing stability in uneven terrain, when climbing stairs, and avoiding accidents

Injected PU insole, providing perfect fit to the feet and greater comfort, avoiding muscle fatigue. Its surface in micropores provides greater sweat absorption and desorption.

3D lining with PCM Outlast microcapsules coat. Intelligent system of quick dispersion of humidity and temperature control that adjust to the user's performance level.

High performance microfiber that provides perspiration, sweat absorption and desorption through micropores. Its texture is very similar to leather but it is washable, much lighter and chemicals resistant.
